

MAR IVANIOS COLLEGE (Autonomous)
TIME TABLE
First Degree Programme Under CBCS System
Third Semester Internal Examinations – October 2023

	20th October Friday 9.30- 12.30	25th October Wednesday 1.00 - 4.00	26th October Thursday 9.30- 12.30	27th October Friday 9.30- 12.30	30th October Monday 9.30- 12.30	31st October Tuesday 9.30- 12.30
English- Aided & SF	English for Career	Additional Language	British Literature 1	Evolution of English Language	Narratives of Resistance	History of Modern World (1921-1955)
Economics	English for Career	Additional Language	Introductory Macro Economics	Informatics for Applied Econometrics	Introduction to Public Administration	History of Modern India (1921-1947)/Mathematics for Economics III - Integral Calculus and Linear Algebra
Analytical Economics	English for Career	Additional Language	Intermediate Micro Economics	Statistical Tools for Economics	Public Administration	History of Modern India II / Mathematics for Economics III- Integral Calculus and Linear Algebra
Mathematics	English for Career	Additional Language	Elementary number Theory & Calculus 1	Statistical Distributions	Optics Magnetism and Electricity	
Statistics	English for Career	Additional Language	Probability and Distribution 1	Mathematics III-Fourier Series, Numerical Methods and ODE	Introduction to Data science	
Physics	English for Career	Additional Language	Electrodynamics	Mathematics-III Differential Equations Vector Integration Fourier Series & Linear Algebra	Physical Chemistry II	
Physics with Machine Learning	English for Career	Additional Language	Electrodynamics	Linear Algebra and numerical Approximations	Knowledge Representation and Intelligence Agents	

Chemistry	English for Career	Additional Language	Inorganic Chemistry II	Mathematics -III Linear Algebra Probability Theory & Numerical Solutions	Optics Magnetism and Electricity	
Botany	English for Career	Additional Language	Microbiology, Phycology, Mycology, Lichenology and Plant Pathology	Physical and Bioinorganic Chemistry	Functional Zoology	
Zoology	English for Career	Additional Language	Methodology and Perspectives of Science and Bioinformatics	Organic Chemistry	Systematic Botany, Economic Botany, Ethnobotany and Plant Breeding	
Commerce -Aided & SF	Business English	Entrepreneurship Development	Company Administration	Advanced Financial Accounting	E-Business	Elective Courses
Biotechnology	English for Career	Phycology, Mycology Lichenology and Plant Pathology	Horticulture, Mushroom Cultivation and Marketing	Physiology and Nutritional Biochemistry	Protista and Animal Diversity	Animal Physiology &Anatomy
JMC	English for Career	Theories and Methodology of Mass Communication	Feature Writing and Magazine Journalism	Radio Broadcasting	Television: Principles and Practice	Creative writing in English
Commerce- Accounts & Audit	Business English	Company Law	Fundamentals of Income Tax	Cost Accounting	Informatics and cyber law	Corporate Accounting
Computer Science	Programming in C++	Data Communication and Computer Network	System Software	Value Education	Database Management System	
English - Communicative English	English for Career	British Literature II	Popular Literature	Evolution of English Language	Translation studies	Environmental studies and disaster Management
