

MAR IVANIOS COLLEGE (AUTONOMOUS)

CAPABILITY ENHANCEMENT AND DEVELOPMENT SCHEMES

Mar Ivanios College conducts the following capability enhancement schemes for students.

1. Guidance for competitive examinations
2. Career Counselling
3. Soft skill development
4. Remedial coaching
5. Bridge courses
6. Yoga and Meditation
7. Personal Counselling
8. Skill development for Differently abled students

The college offer UGC supported NET coaching for PG students. The classes are run during the weekends and also after regular class hours on working days. Teachers from the College itself and experts from outside are handling the programme. UGC funds have not been received for continuing formal remedial coaching sessions for 2017-18 in spite of sending audited utilization certificates and it would be difficult to continue with the programme as it is. But free remedial coaching by teachers for slow learner students continues in 2017-18. A semi-formal session comes from the instructions given to all Faculty Advisors to do remedial sessions for all students who appear for the supplementary examinations, especially those who have failed in the previous attempt. At the UG level advanced students are also supported to take competitive examinations for admission to national institutes. This has resulted in around 30-50 students in all batches together getting admission in national institutes like the NITs, IITs, Central universities every year. While INFLIBNET is currently open to all students, advanced learners were identified and given training in open access e-publishing. Access to research databases in various on-line sources was taught to advanced learners who shared this knowledge with their class. The Scholar Support Programme for slow learners is a programme funded by the State government and has been running very efficiently for the last four years. 150 students of the college benefited from this remedial programme in 2015-16 (50 each from each year of the UG programme), 110 students benefited in 2014-15 (from the first and second year batches), and 50 students of the first year benefited in 2013-14. Teachers from the college and experts from outside handled these sessions. There is also academic and career counseling provided by a

experts from outside as well as by the fulltime counselors employed in the institution. The Orientation session given to all first semester students in their department, every year, could be seen as a kind of bridge course, where learning expectations are set for students. Some departments turn these orientations into bridge sessions. The Journalism department, conduct 2-3 days long bridge course for freshers with five external experts every year. A one-week long bridge course for newly admitted B A students was conducted in 2016 with five external experts. On understanding the necessity of up-skilling students in the contemporary globalized world, many add-on/Certificate courses were designed by the faculty to develop global competencies, specially keeping in mind the mission of the College. Consequently, the Academic Programmes Committee organized the courses under three heads, viz., Life Skills Courses, Professional Skills Courses and Language Skills Courses. As part of this the college offer courses in Yoga and Meditation, Personal Counselling , Skill development for Differently abled students and Soft skill development courses.

About us

Mar Ivanios College, Trivandrum, established in 1949, is one of the most reputed Higher Education Institutes in Kerala. It was the first aided College under Kerala University to be accredited by NAAC and has been awarded the highest Grade 'A' in all three cycles of accreditation. It has been given the College with Potential for Excellence Status by the UGC and was granted autonomy in 2014.

As part of its continued efforts to fulfill the needs of learners and help them acquire necessary global competencies, the College offers a few faculty-designed add-on courses for its students. These course, which have been designed by the respective Co-ordinators, are focused on developing Life Skills, Language Skills and Professional Skills.

While currently open only to students of the College, they are likely to be opened up to all interested candidates in future.

International Yoga Day Celebrations at Mar Ivanios College Auditorium 2018

The Department of Computer Science honoured young technocrats of B Voc Software Development(2014-17 batch) for getting placed in different software firms including multi-national companies like Tata Consultancy Services(TCS), Wipro and UST Global. More than 15 students from our first batch got placed in various industries. The honoring ceremony was conducted on 26-02-2018 at 1.30 pm. The programme started with the Welcome Speech by Dr KL Anandavally (Director, Self-Financing Wing), followed by the Presidential Address by our beloved Principal Rev. Dr Gigi Thomas.

IT based skill development programme for Differently abled students .
